

BEST eXpress Paper

PROOF, PHOTO & PRODUCTION MEDIA

PROOF

The universal and certified proofing paper for ISO-compliant proofing

BEST eXpress Paper with its semi-matt surface is a versatile proofing paper. Its nano-porous coating guarantees instant drying.

BEST eXpress Paper yields excellent results when used in combination with EFI Colorproof eXpress and the latest generation of inks (UC K3, UC K3 VM, Lucia, Vivera). With its wide color gamut, it is perfectly suited for color-accurate proofing of offset and gravure printing conditions such as ISOCoated_v2 and PSR.

BEST eXpress Paper contains almost no optical brighteners, thus reducing metamerism and measurement errors during profiling.

The paper is a FograCert proofing substrate whose reverse side has BEST eXpress Paper and the FOGRA logo printed on it.

It is available in A3+ (329 x 483 mm) in boxes of 50 sheets.

Weight	220 (g/m ²)
Caliper	200 (μ)
Opacity	94 (%)
CIE L*a*b*	96,0 / 0,2 / -1,5
